# TRAILERS2000™

AUSTRALIA'S FAVOURITE TRAILER

When you need a trailer made especially for tipping extra heavy loads the hydraulic tipping trailer is made for the job. The galvanised tandem trailers in our range are 100% Australian made and built to handle the big stuff and come with unbeatable 2 year Warranty and FREE 2 years Roadside Assist. Your hydraulic tipping trailer will have: a low maintenance galvanised steel construction, 300mm high sides, extra heavy duty full chassis' with cross members approximately every 300mm, 4 stage - 10t hydraulic ram, fully self contained 12v power plant and hydraulic fluid reservoir with pendant control housed in an aluminium toolbox, safety isolation switch, Extended drawbar, minimum 45 degree tilt angle, heavy duty latches to lock the body, heavy duty tie rails all round, full rear cross member, removable tailgate, New light Truck Tyres, Swivel Jockey Wheel and is available in 8 x 5 (2400mm x 1500mm) and 10 x 6 (3000mm x 1800mm) Other sizes available upon request. These tandem trailers have a whopping 2000kg Aggregate Trailer Mass (ATM) and are also available in 2490kg, 3000kg and 3500kg (ATM). Options such as deep sides, electric brakes, and rocker roller suspension also available. Plus you get the value packed features we include on all our trailers including new wheels and tyres a checkerplate floor and utility corner posts which give you the option of adding a cage or rack quickly and easily. Accessories such as cages, pantec tops, ladder racks and spare wheels are available on all trailers. This trailer is available in 12 fantastic colours and ideal for heavier work on the job site, on the farm or around the home.
